י"ד כסלו

Middle school had so much fun with silent disco dancing in honor of י"ד כסלו, the wedding anniversary of the Rebbe and Rebetzin. What amazing energy!! They also played an interactive game with details about the Rebbes Chasuna via walkie talkies with the other classes.

ELEMENTARY SCHOOL

י"ד כסלו

On י"ד כסלו we put the spotLIGHT on ג' כתה. They made a beautiful presentation explaining in detail the timeline of events of the Rebbe and Rebbetzin's חתונה. Each girl was then given desert from the חתונה and each class was presented with a 'wedding gift'- a special card game having to do with י"ד כסלו. Thank you Mrs. Volfman and Mrs. Oberlander for preparing your class with the presentation. The special treats were sponsored לעילוי נשמת - Aliza bas Noach Anshel ע"ה.

Thank you

I'd like to thank my father for bringing me, my brother and sister to the toy store. He let me choose whatever I wanted!

Thank you Hashem

I thank Hashem for having a family. I'm also thankful for food that my mother buys. I also want to say thank you that I go to school and for the friends I have.

Written by: Chavy Gluckowsky

Thank you Chavy

I thank Chavy because Chavy gives me candies! She also plays with me 'school'. She sometimes comes to my house and I love that!

Written by: Esther Levin

Thank you

I always say thank you to my mother and father when they give me something. Two years ago my mother and father bought me a birthday present. It was a gumball machine. It was the best!

Thank you Hashem

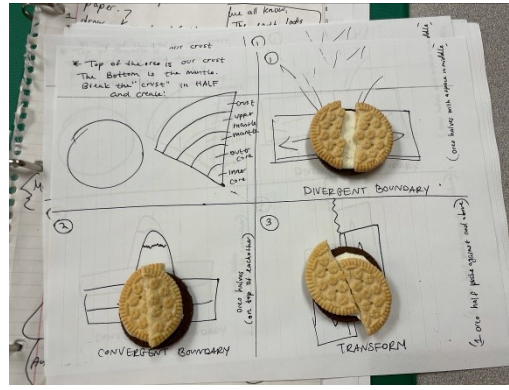

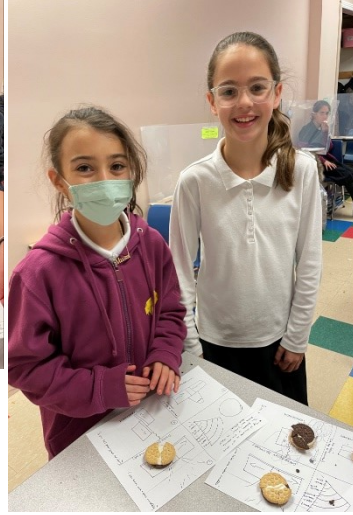

Thank you Hashem for the food you give me, the drinks you give me, the house you give me and that you are always watching over me. Crying with me when I'm sad. You try to help out even if I don't show you enough I love you with my heart. You're always trying to give right from the very start. You answer my תפילה. You cheer me up when I'm sad and I love you so much!

Thank you to the following families who have donated books to our school library:

- Weiss Family in honor of Chana's Birthday.
- Lakzin Family in honor of Raiza's Birthday.

Mrs Serebryanski's 6th grade celebrated a "mock" bas mitzvah upon learning all about the significance of what happens when a girl turns bas mitzvah. The girls did a beautiful job putting it together, from reading the Rebbe's letter, to the inspiring דבר תורה, to the creative games and music. The girls had an amazing experience!

ELEMENTARY DIVISION IS GROWING

Baruch Hashem there are so many wonderful things going on in our elementary division here at Cheder Chabad. A new *אָרץ דרך* program was introduced to our fourth graders. Each girl is growing her own *מִידוֹת* garden as she collects petals to complete her flowers. Our girls are working on the *מִידָה* of speaking with *אָרץ דרך* to an adult. I can't wait to see who will complete their garden first.

Our Fifth grade is working on finding the good in others. We discussed how oftentimes we only notice the negative traits or actions other people have. But now we are working on focusing our attention on the positive. We have heightened our sensitivity to see the good things people are always doing for us.

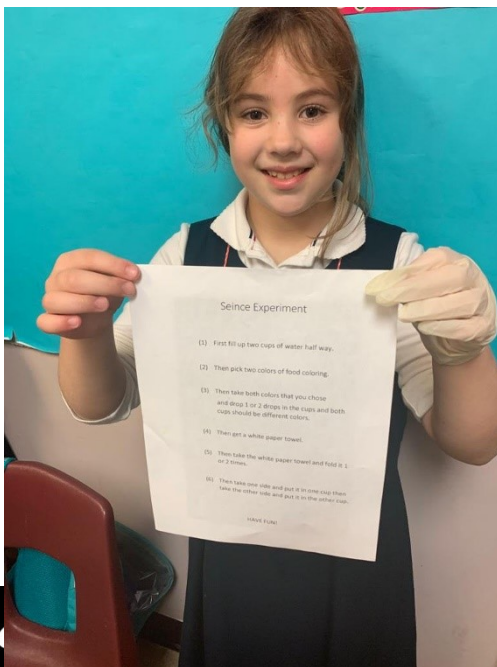

SCIENCE IN GRADE FOUR

Our super budding scientists in Mrs. Akerib's grade four have been doing some fantastic experiments. Chana Glick and Meira Goldsmith brought two very interesting experiments for the class to participate in. The class saw how diffusion works with colored water and paper towels in. And we learned how to make our own slime from Meira. Hands on learning is something we will never forget!

1st GRADE

Mrs. Holtsberg

Mrs. Holtsberg spoke to the girls that the נשמה is like a flame and every good word we hear or share brightens our נשמה. The girls went around to their classmates and asked them for a compliment, and they wrote it down on the flame that Mrs. Holtsberg gave them. All the flames went up on the חנוכה bulletin board.

Thank you to all the parents who signed in on zoom for the PTC. בי"ה it went well.
