What an incredible experience our students had in honor of פרשת נח. They enjoyed an interactive petting zoo, holding and petting the animals that joined the Cheder Chabad Teiva.

Thank you so much to our PTA for contributing towards the event.

Yasher Koach to the parents of the following children who sponsored this event in honor of their child's birthdays:

## שיפור בדיבור

We are so excited to begin our שיפור בדיבור program in 'כתה ב' and 'כתה א'. This program is about shaping positive relationship through speech. This year long curriculum was created to cultivate positive speech in young students. This will enable them to form strong and meaningful relationships with others.

# Preschool News

Dear Parents,

This week it "rained" in every classroom as we learned about פרשת נח and celebrated ראש חודש מרחשון. We built תיבות, experimented with things that float and sink, and learned all about the Fall season. We had a very special visit from (נח Morah Chaya) who showed us how tall the תיבה was with the help of a helium balloon. The kids had an incredible time petting, combing, and holding the animals that came to Cheder Chabad from Animal Interactions. This was really a very special treat! We would like to thank the PTA and the families who helped sponsor this event in honor of their children's birthday. You should all be זוכה to grow up as real חיילים and make the Rebbe proud!

During Science with Morah Korner we learned all about things that sink and float. The kinderlach were mesmerized as Morah Korner used various objects to see what ones sink or float.

What a wonderful week at Cheder Chabad ב"ה!

Looking forward to next week!

א גוט שבת!
