## Turning over a new leaf

By: Mirel Deitsch 5<sup>th</sup> Grade

A brand new chapter, a brand new part,  
5<sup>th</sup> grade, a real, new start.

Starting school in my desk again,  
With a paper, a binder and a pen.

This year I will try to learn and to grow,  
To cope, sing, laugh and show.

To not only learn math, science and spelling,  
But to learn myself and what others are telling.

With all my strengths, I will hope for good.

So everything will end up how it should.

As I struggle with my tests,

I will try my very best,

To make this year,

The best year!!
