## FROM *the* MENAHEL

### Dear Parents,

Sending our children off to school entails so many details. The uniforms, supplies and seforim, the preparation for the transition from a less structured time to the rigors schedule of cheder. As parents, you do so much to prepare your children.

The cheder too prepares in so many ways, from ceiling to floor, from conference to workshop, thousands of details are involved in preparing the grounds and the staff.

Now that we are here, we need to remind ourselves of the main purpose and of the cheder endeavor learning Torah as Hashem's will and wisdom!

Of all the questions we ask our children about cheder, the friends, the food, recess, and the like, it is important that we impart that all these things are there to make the best learning possible.

כי הם חיינו

Torah is our life. Yes, we want our kids to be safe, we want them to be happy, but life! Hashem gives joy and happiness to those who are alive!

As we daven to be inscribed in the ספר החיים let us remember the true meaning of these words, we ask Hashem to be inscribed in the book of those who learn Torah.

Wishing you a good Shabbos,

**Rabbi Kaplan**
