FROM *the* MENAHEL

Dear Parents,

In a few short days, you will gather your children one by one and bench them. Words fall short in fully expressing the heartfelt emotion and deep feeling that we experience during these moments. As we prepare for Yom Kippur, standing before Hashem with open hearts, in absolute truth, we dedicate ourselves to our holiest mission, to pass on our uncompromised Yiddishkeit to our children. Chassidus deepens our understanding of our role as parents, the power of a berocho, the uniqueness of this time "achas bashonoh", and of the role of our children. When we bench our kids, let us remember the story of the Reb Yekusiel Liepler who made a condition with the Alter Rebbe, when blessing him with arichus yomim, that the years should not be peasant years. May we guide our children to recognize gashmiyus as a means to serving Hashem and to abandon all vanity in search for serving Hashem. Let us merit to harness the passion of the young for the right purposes, to turn anarchism into stiff-necked dedication to Hashem. At this time of year, I want to thank you cheder staff, beginning with the office staff, the Melamdim, the leadership, and the administration a gemar chasima tova. To the parents, thank you for your partnership in educating our children, let us continue to strengthen our partnership and continue to grow closer day by day on behalf and for the benefit of our children. Wishing you a gemar Chasima tova,

Rabbi Kaplan
